band cum ollam cellum circu illig erig illig offas eras
circus and das croddis offas cum illas qllas circu illas
qccas and qccas qllas illas cellas cro

The image shows a circular diagram, likely a celestial map or a diagram from a medieval manuscript. The center is a yellow circle containing small blue stars. From the center, numerous blue and green lines radiate outwards in a sunburst pattern. The background is covered with faint, handwritten text in brown ink, which appears to be Latin, possibly a calendar or astronomical text. The overall style is characteristic of medieval scientific or religious illustrations.
